VERSE 1 I just came to give
That's all I had in mind
I don't seek a gift
And I don't need a sign to know that You are here
You said that You would come If I draw near so here I am...

CHORUS I just came to tell You I love You
To say that You mean everything to me
There is truly no one above You
I want You to be blessed
And I pray this offering will be pure and sweet

VERSE 2 I just came to praise
I'm asking nothing in return
My heart and my voice I raise
My love for You will burn and though my gift seems small
I know that You are pleased when I just give my all to You...

CHORUS
