- VERSE 1** So many questions go unanswered  
The wheels of wondering turn round and round  
I search unending for a reason to the rhyme  
But it won't let itself be found
- VERSE 2** I fill my mind with earthly knowledge  
But it can't satisfy this longing in my soul  
The quest for understanding threatens to undo me  
Only faith in You fills up this hole
- CHORUS 1** To know You is to know true joy  
And when I trust in You, that's when I know Your rest  
And Your love's the sweetest love I've ever found on earth  
I guess that's all I need to know
- VERSE 3** I hear You sayin', "Don't be troubled – Circumstances  
                  come and go, but I remain the same."  
You've proven time and time You're for me, not against me  
So once again I call upon Your Name and I find
- CHORUS 2** To know You is to know true peace  
And when I come to You, that's when I know Your grace  
Your love's the sweetest love I've ever found on earth  
That's all I need to know
