VERSE 1 I go down to the sea and find You overwhelming me
The mountains shout the strength of Your majestic Hand
Even on a stormy day, I smell Your sweetness in the rain
I see Your handiwork in every grain of sand

CHORUS 1 And when I run away – You are there before me
I find a hiding place and You are waiting there
When I close my eyes to sleep, You are ever watching me
From Your everlasting love – There is no escape
No, no escape

VERSE 2 You know my deepest thoughts – You know the number of my days
My every moment has been written in Your plan
Day and night You follow me when I take no thought of You
My very life and breath are under Your command

CHORUS 2 I spread my wings to fly – You're the wind that carries me
When I tumble from the sky I land in Your embrace
This unrelenting love find me in the dark of night
And from Your shining light, I need no escape
No, I need no escape
